Yes No

Notice to the Market

Disclosure of results for the years 2016 and 2015, in accordance to International Financial Reporting Standards (IFRS)

Banco Bradesco S.A. ("Bradesco") announces to its shareholders, clients, collaborators and to the market in general that it prepared complete consolidated financial statements for the years ended December 31, 2016 and 2015, according to the International Financial Reporting Standards - IFRS, in conformity with the pronouncements issued by the International Accounting Standards Board - IASB, pursuant to Resolution 3,786/09 of the Brazilian Monetary Council (CMN) and CVM Rule 457/07.

See below, the main changes seen in our consolidated financial statements due to the adoption of IFRS:

- 1) Information presented herein consider amounts calculated pursuant to the accounting practices adopted in Brazil (BR GAAP), which are applicable to financial institutions, in accordance with the regulations of the Brazilian Central Bank, and classified according to the presentation model determined by IFRS;
- 2) Differences refer to reclassification between accounts and other effects from the adoption of IFRS; and
- 3) The loan and advances to customers' portfolio is presented net of provision for impairment losses.

See below, reconciliation of Shareholders' Equity and Net Income for the 2016 and 2015 years:

Below is a description of the main adjustments from the adoption of IFRS:

1) *Adjustment to the recoverable value of loans and advances*

Impairment of loans and advances were established based on the history of losses and other information about the clients of the organization at the balance sheet date and clear evidences that show losses had occurred after the initial recognition of the financial asset (concept of loss incurred), while in BR GAAP, the concept of expected losses is used.

2) *Business combinations*

Under IFRS, the identifiable assets and liabilities in business combinations were adjusted for differences in accounting practices, and recognized at their fair value, based on a study report on purchase price allocation (PPA). In addition, goodwill is not amortized, but tested periodically to determine whether there is objective evidence of impairment.

The complete consolidated financial statements under IFRS, for the years ended December 31, 2016 and 2015, followed by the independent auditors' report on the consolidated financial statements, without any modification, issued by KPMG Independent Auditors, are available on our website www.bradesco.com.br/ir.
